## PET SPOTLIGHT | ELLIOTT

Family: Taylor

### Meet Elliott!

Elliott became a big part of our little family in 2021. Elliott is a very special dog with a big personality and is considered the "clown" at home. She is always very happy and constantly wagging her tail. When meeting new dogs she gets so excited and so happy that she can barely contain herself! Elliott loves to go to the park and roll around in the grass and go on trail hikes with me. Elliott also can't go to sleep at night until she is under the covers in bed. Elliott is my best friend and has brought so much love and fun into my home. - Taylor

### The Stats:

Age: 2 years

Breed: Bull Terrier

Favorite activity: Playing Frisbee

Favorite Treat: Dehydrated beef liver treats, ice cubes, zucchini

## HAPPY BIRTHDAY!

Help us wish our Hello Vet team members Taylor and Emily a very happy birthday this month!

# DENTAL HEALTH

*A must have for your 4-legged BFF's total health*

Just like us humans, our pets can also suffer from dental issues that can turn into bigger health problems if left unchecked. Did you know that by the age of three, 80% of dogs and 70% of cats show signs of oral disease? That's why dental care is an essential part of your pet's wellness journey.

To keep your BFF's chompers in top shape, we recommend the following:

- Make brushing a regular habit with a pet-specific toothbrush and toothpaste - it's good for their gums and freshens their breath too!
- Get creative with chew toys that help remove plaque and tartar and make dental hygiene a fun activity for your pet.
- Stay on top of regular dental check-ups and cleanings with us, because prevention is key!
- Steer clear of treats that are too soft or sticky as they tend to stick to your pet's teeth and contribute to plaque buildup.

### **Don't let dental issues be a pain for your BFF!**

Book a dental check-up with us today! We'll work with you to create a personalized dental care routine that will keep your pet's smile bright and beautiful.

## STICKER DROP!
